

# Pinelake Hash House Harriers

*Life's too short to drink cheap beer.*

**Hash # 888 10 April 2004**

**Therrell High School**  
3099 Panther Trail, SW  
Atlanta, GA 30311

## Hares:

**Little Easy, EZ Cheeks, and Niplets**

## The trail:

Before starting the hunt, we gathered to hear **Niplets** review the marks we'd see on trail. Among the marks, was a foreshadowing "CB 7," which of course means count back seven marks to pick up the real trail. Surely, no one would be *so cruel* as to lead us seven marks on a wild hare chase...

Before long we hit a twisting trail of low-hanging bush, **Little Easy** territory for sure. Following a slow running stream, we came upon a check mark that had been previously kicked in the right direction. Right?!? No. **Dain Bramage, Au Whatta Pair and friends** went around in circles.

Then we found the question mark and it was profoundly confusing. Right there, in the middle of the trail, there was a question mark, and nothing else remarkable. Later we found out that earlier there was a sword stuck in an anthill. Who's King Arthur? **2 Crabs Fucking**.

Just past a bunch of random vehicles, we hit another stream. Thinking that we knew something about hash trails, and seeing a mark ahead, we went for the wetness. After criss-crossing the stream and mud, coming around the corner, in obnoxiously large lettering: "CB 20!" You bastards. Count back 20...

ON-IN, and sweet, sweet beer. Plus a special treat: red and white wine sangria.

But what was that smell? **Yoron Weed** noticed that there was some sort of grayish, sick-smelling fluid coming from a pipe, and seeping into the nearby creek. A sample was collected and authorities notified.

## Joke from Elvis:

In recognition of Easter weekend:

What is invisible and smells like carrots?  
*Rabbit farts.*
